

Parent Guide for how to sign up for Schoology (must use computer first time, not a smartphone):

Step 1 – Click on this link <https://app.schoology.com/register.php>

Step 2 – Click on the “Parent” button

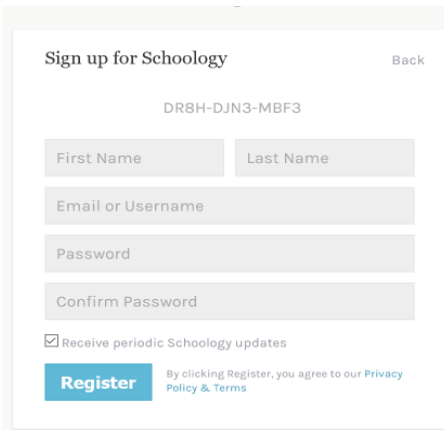

Step 3 – Put in your 12 digit Schoology Access Code. This came to all parents at the beginning of the year.

If you did not receive an Access Code please call the Puyallup School District Information Technology Center (ITC) at 253-841-8600.

Step 4 – Fill in the required information and you're all set!

Notes:

- You may use either a ***personal e-mail*** or a ***unique username*** to sign-up for Schoology. If you get an error message about the email account, just use a username.
- If you have more than one child in the district, they can add additional students once they are in their account.
- Questions or concerns contact the PSD ITC Help Desk at 253-841-8600

There's an App for that!

Step 5 – Everyone with a smartphone can download the FREE Schoology app! Once downloaded, choose the GREEN button (username log in) not the blue one. Then choose Puyallup School District (not a specific school) and enter your username and password. You have control over alerts in the notifications setting.

Extra Training?? Visit the Puyallup School District Webpage for videos to assist with Schoology:
